ACT! 2010 New update available. Click here for detailed description and download.

 After an employee logs in they will see the "check history" page. This page will present a summary of every advice that has a record in MUNIS up to the present date. An employee may sort these advices by clicking the column title. For example, if they would like to see their check history in order of pay date, they simply click the column title "pay date" and the program will sort the advices accordingly. When the employee would like to see an actual pay record, they click the "view" box and the program will bring up that advice in detail.

• When the employee is finished looking at this page the can click the "back" button on their internet browser or click the "back to checks" link at the top of the page. This will bring them back to the "check history" page we started at.

 If the employee wants to see current year to date accrual information or check the accuracy of their employee information they can click the "employee information" link at the top of the screen.
